Children's Summer Reading Program

The Riverton Branch Library summer reading program is for children age 12 and under, including toddlers. Kids are asked to read (or be read to) any book of choice from the library and record every 20 minutes on a provided reading log. Upon completion of the log, each child will receive an invitation to a special night program. We will also have one weekly program that all summer reading participants are able to attend. A calendar listing dates and times of these events will be available at registration.

Teen Summer Reading

The Riverton Branch Library summer reading program is for teens ages 13-18. Youth 12 years old may register with parental permission. Books must come from the library.
