

Summer Academy Classes

	CLASS	TIME	AGES	LOCATION	DESCRIPTION
8-9am	Mini Ballers <i>Kyle Hunter</i>	8-9am	1st-3rd	CWC UniCourt (Tennis)	Want to learn how to dribble, pass and score? Join this class to learn the basics of basketball, get your hands on the ball and spend some time on the court. We will be learning some of the basic fundamentals required to become a baller. We will progress to playing a scrimmage. If you love basketball, don't miss this. <i>Limit 12</i>
9-10am	Bead Extravaganza <i>Katlin Hunter</i>	9-10am	1st-3rd	CWC MH 137	If you enjoy crafts and love to string beads, this is the class for you! We will create a necklace and a bracelet, create a personalized keychain as well as creating animals out of beads. We will spend the week using beads in so many different ways to cre-ate so many creations that you will take home and could even gift to others. <i>Limit 12</i>
	Firework, Firework <i>CeCe Bang</i>	9-10am	1st-3rd	CWC MH 161	We all know that fireworks are something magical, so let's make fireworks without the 'fire'. Throughout the week we will learn how to make fireworks with fun crafts like Pop-ups, 3D pom-poms, scratch art and salt and glue fireworks. It's going to be a popping good time. <i>Limit 10</i>
	Board Game Bonanza <i>Megan Ober-Goss</i>	9-10am	1st-4th	CWC MH 163	Are you a card shark? Are you always the winner of family game night? Come sharpen your skills and maybe even learn a new game you can teach your friends. We will be playing some traditional games, but we will also perfect our skills at some games from around the globe. Put those screens down and play a game! <i>Limit 12</i>
	Goal Getters Soccer <i>Kyle Hunter</i>	9-10am	1st-3rd	CWC UniCourt (Tennis)	In this class we will be learning the fundamentals of the game of soccer. We will learn how to dribble the ball, pass the ball, and practice shooting goals. We will practice several different drills that will build our endurance, work on our coordination, and enhance our soccer skills. If playing soccer is for you, you won't want to miss this one! <i>Limit 12</i>
	A Puzzling Situation <i>Christen Spradlin</i>	9-10am	3rd-5th	CWC MH 167	Students build teamwork, communication and cooperation by putting together puzzles using their words, and their teammate's hands. On the last day, they will put their newly acquired skills to the test and race the other team's in a puzzle race. Be ready for some enthusiastic, creative challenges. <i>Limit 12</i>

Summer Academy Classes

	CLASS	TIME	AGES	LOCATION	DESCRIPTION
9-10am	Richie Rich <i>Jay Spradlin</i>	9-10am	3rd-5th	CWC MH 169	Does your kiddo want to get rich? Do you have a business minded kiddo? With their entrepreneurial skills at work, students embark on a plan to build their own company. Throughout the week, students will name their company, design a product, manufacture it, and then set up shop to sell it on the last day. On Thursday, students may bring \$1.00 in pennies and dimes to purchase products from each other. Let's see who can make the most money! <i>Limit 12</i>
	Archery 101 <i>Phil Orbell</i> <i>Kimberley Orbell</i>	9-10am	5th-8th	CWC Soccer Field	Have you always wanted to learn how to shoot a bow? Here is your chance to give it a try. Students will be introduced to archery equipment, safety, and have the opportunity to hone your new skills. Because this class uses real arrows across a wide space, children must display maturity and be able to follow strict safety rules to participate in this class. <i>Limit 10</i>
	Ultimate Invasion Games <i>Jordon Cooper</i>	9-10am	5th-8th	CWC Picnic Area	Get ready for an action-packed class where kids will learn the art of creating space and mastering the score. Dive into dynamic strategies and fun drills that will turn them into ultimate players on the field by teaching them how to create space. Lead-up games will prepare them to play Ultimate Frisbee, Ultimate Football and Octane Ball. <i>Limit 12</i>
	Shirt Stories <i>Sheryl Carpenter</i>	9-10am	6th-8th	CWC MH 166	Explore the art of shirt making in a fun and accessible way. Our Shirt Stories workshop teaches you various methods to design and created your own shirts at home. No prior experience necessary start from scratch and fashion your own wearable stories. <i>Limit 12</i>
10-11am	Tie Dye Fun <i>Katlin Hunter</i>	10-11am	1st-3rd	CWC MH 137	Let's have some fun using squirt guns and rubber bands to make our own Tie-Dye creations! We will be creating our very own special tie dye shirts along with a couple other fun tie dye items. Students must bring their own white shirt on the first day to make your own masterpiece! <i>Limit 10</i>
	A Book is a Gift You Can Read Again & Again <i>CeCe Bang</i>	10-11am	1st-3rd	CWC MH 161	Each day of the week we will read a book by Eric Carle and create a detailed, fun craft that goes with each story. <i>A House for Hermit Crab</i> ; we will hand paint a hermit crab. <i>The Mixed-Up Chameleon</i> ; we will make chameleon tissue art. <i>The Very Busy Spider</i> ; we will make unique spider webs. <i>The Lonely Firefly</i> ; we will be creating 'glowing' fireflies. <i>Limit 10</i>

Summer Academy Classes

10-11am	Crazy for Crafting <i>Megan Ober-Goss</i>	10-11am	1st-4th	CWC MH 163	So much to make and so little time! Come get creative and enjoy make and take crafts. We will be crafting bracelets, wind chimes, garden decorations, bird feeders, bubble wands and more! There will be a craft for everyone's passion. Come discover what you enjoy making! <i>Limit 10</i>
	Lego Block Crew <i>Kyle Hunter</i>	10-11am	3rd-5th	CWC ART 137	Do you love to create with Legos? Then this class is what you are looking for! Kids will work together or individually to create several different masterpieces from buildings, to bridges, to cars and boats, to houses and hotels and so much more all from Legos. During this class, kids will be able to show off their creativity with Legos and get to create some epic masterpieces. <i>Limit 12</i>
	Scientific Science: The Science Lab <i>Jay Spradlin</i>	10-11am	3rd-5th	CWC MH 169	After getting into some protective gear, students will make claims, gather evidence and use their deductive reasoning skills in memorable and exciting ways. Each day students will engage in a full science lab process, where their skills, problem solving abilities, and cooperation lead to learning and success. This week students will recreate a water cycle, build and test bursting bubble structures, create candy catapults, and argue airplane ergonomics. <i>Limit 12</i>
	Ultimate Invasion Games <i>Jordon Cooper</i>	10-11am	3rd-5th	CWC Picnic Area	Get ready for an action-packed class where kids will learn the art of creating space and mastering the score. Dive into dynamic strategies and fun drills that will turn them into ultimate players on the field by teaching them how to create space. Lead-up games will prepare them to play Ultimate Frisbee, Ultimate Football and Octane Ball. <i>Limit 12</i>
	Archery 101 <i>Phil Orbell</i> <i>Kimberley Orbell</i>	10-11am	5th-8th	CWC Soccer Field	Have you always wanted to learn how to shoot a bow? Here is your chance to give it a try. Students will be introduced to archery equipment, safety, and have the opportunity to hone your new skills. Because this class uses real arrows across a wide space, children must display maturity and be able to follow strict safety rules to participate in this class. <i>Limit 10</i>
	Math Ninjas <i>Christen Spradlin</i>	10-11am	6th-8th	CWC MH 167	Hi-Yah! Does your kiddo excel in math? Do they want to put their skills to the test? Come enjoy a thrilling week of Math! Race your partners to complete math challenges, work with a team to solve Logic Puzzles, and independently show what you know in our Around the World competition. <i>Limit 12</i>
	Signs of Craft <i>Sheryl Carpenter</i>	10-11am	6th-8th	CWC MH 166	Dive into the art of sign making! In this hands-on workshop we will create three to four personalized signs as you master the skills of painting, building, and decorating. No prior experience is needed, just bring your creativity and leave with unique pieces that will showcase your very own style. <i>Limit 12</i>

Summer Academy Classes

	CLASS	TIME	AGES	LOCATION	DESCRIPTION
11am-12pm	STEM Squad <i>Katlin Hunter</i>	11am-12pm	1st-3rd	CWC MH 137	Do you love to get your hands dirty? Come spend the week creating hands-on activities from slime, to edible playdough, to moon sand. Not only will you get to create and play with everything you make and get your hands dirty, you will learn which ingredients you will need to recreate all of these fun projects at home too! <i>Limit 12</i>
	Art, Art & More Art <i>CeCe Bang</i>	11am-12pm	1st-3rd	CWC MH 161	Each day your student will explore a new form of fun and creative art including blow paint with straws, sidewalk chalk art, bubble paint and tissue paper art. Students bring your creative minds and we will put them to work creating. <i>Limit 10</i>
	Simple Science <i>Megan Ober-Goss</i>	11am-12pm	1st-4th	CWC MH 163	In this class we will all be channeling our inner "Mrs. Frizzles". We will explore safe chemical reactions, the power of vinegar, and the magic of Mentos. So many simple scientific experiments that will blow your mind. We will combining literacy and hands on science to have the best time ever. <i>Limit 12</i>
	Escape Rooms <i>Kyle Hunter</i>	11am-12pm	3rd-5th	CWC ART 137	Do you love to solve puzzles and search for clues? In this class, students will be working together with others to solve different logical thinking puzzles, riddles and gather several clues in order to "escape" the room. There will be several puzzles that students will have to solve in which they will have to use teamwork and critical thinking skills to try and "escape" before time runs out. <i>Limit 12</i>
	Japan or Bust! <i>Christen Spradlin</i>	11am-12pm	3rd-5th	CWC MH 167	Konichiwa! Come to Japan with me-virtually! Each day students will enjoy the culture and traditions of Japan. Students will learn to count, make a candy sushi roll, say polite daily greetings, write their name, practice basic origami, create a fish print, and enjoy an afternoon tea in proper Japanese form. Lots of video and picture exploration will have your student feeling like they've traveled to the other side of the world! <i>Limit 12</i>
	Street Racket <i>Jordon Cooper</i>	11am-12pm	5th-8th	CWC Unicourt (Tennis)	Looking to develop your paddle/racket skills? This is the class for you! Join us to learn essential skills and tactics to prepare for any net/wall game like pickleball, tennis, table tennis, etc. You will learn the skills to be successful with a racket while playing fun games. <i>Limit 12</i>
